SATURDAY, JULY 20, 1895.

Entered at the Postoffice at Accomac C. H., Va., as second-class matter.

Col. John M. Wilson, of the engineers of the order of Accomac:

I take this method of announcing myself a candidate for the nomination by the Democratic party for the House of Delegates and for soliciting their support. Fully appreciating their support. The Camp having pledged itself, by the step which it has taken. to rescue from oblivion the names of their Confederate dead, of course, cannot turn backwards and as they would seek to perpetuate their memory only by a memorial worthy of them, should, we suggest, realize, that the labor of love which they have undertaken, requires time for its consummation which will take systematic and persistent efforts on their part. Monuments worthy of heroes cannot be built in a day, but realizing that fact and with an intelligent direction of the movement which they have started, there can be no doubt as to ultimate results.

Richmond has during the last seving years lost \$10,000 a year by dishonest officials. First there was the defalcation of City Collector Woodson for the sum of \$40,000; the discrepancy in the accounts of treasurer's Clerk Grymes to the amount of \$30,000, and now the gas-house accounts are short \$25,000. This is a pretty good record in seven years for a city of 90,000 inhabitants.

Two new teachers have been selected for Margaret Academy for the next session—Miss Jennie Prestiss Barstow, of Massachusetts, for the musical department, and Mr. Samuel Henley Turner, of Petersburg, Va. as instructor in English, mathematics and natural sciences. Miss Barstow is a full graduate of the New England Conservatory of Music and has had Conservatory of Music and has had teacher. The professors of the college and his former patrons recommend him as a young gentleman of high attainments, unblemished character, and great skill and success as a teacher. The information is given as a matter of interest in which all parents on the Eastern Shore are interested, to call attention to the fact that the high standard which the school has here-tofore enjoyed is to be sustained in all its departments, and to insist that it is the duty of our people to stand by and give a hearty support to a sound money advocate.

Arr. Sherman was interviewed a few days ago by the New York Herald, and talked plainly. He said, amongst other things: "If all the people of the United States should join together and offer it (the presidency) to me, I would not accept the position. I am too old. The statement comes from Rich mond that the new assessment in seventy-three of the one hundred counties of the State shows a falling off in values of about three and a half million dollars. This is not as great a decline as was predicted by some, but it emphasizes the necessity of curtailing the State's expendi in the Treasury a few years ago has declined to slim proportions.—Nor folk Ledger.

Chauncey Depew says that there are only five persons who are likely to be considered as presidential oan didates by the next Republican National Convention. These he names as follows: Harrison, McKinley, Reed, Allison and Morton, but he added that the nominee would probably come from New York. And thus he expressed the opinion that Morton would be the winner.

A special committee from the veter ans' camps of Richmond is at work devising plans for building a coloseum or wigwam in which to accommodate the Confederate Veterans, who are to meet there next spring at the lay-ing of the corner-stone of the Jeffer son Davis monument.

Hon. William A Jones, Dr. W. W. Douglas, and Mr. Frank L. Rodgers are actively canvassing the Northern Neck in favor of the proposed railroad in that section.
